Used key words:		
agonist,		
Vasoactive		
intestinal peptide		
receptor or VIPR or VPAC1		
Update	6/8/2004	u
Inventor		
searches		
The examiner notes that the references cited in PTO-892 were ^{not} scanned. Although the examiner sent E-mail to Problem Image on 6/2/2004, the problem is not solved yet. Related to wrong reference used in previous office action, the examiner has consulted this issue with SPE (1631) Mike Woodward for suggestions. (see explanation in my office action)
